Electoral Protest And Democracy In

This book shows that the third wave of democracy has been accompanied by a worldwide wave of opposition-initiated, election-related protests. Such electoral protests result from a failure on the part of incumbent and opposition elites in the developing world to negotiate acceptable terms of electoral conduct, and their consequences for democracy depend on the context in which they occur.

Electoral Protest and Democracy in the Developing World ...

Based on an extensive new data set covering nearly thirty years of electoral protest and election-related reform in the developing world, this book explores the causes of different types of electoral protest and their consequences for democracy.

Democracy Index 2018. The global score for electoral process and pluralism remained unchanged in 2018, after a long-term decline in evidence ever since the Democracy index began. In every other category, there were notable declines in 2018, continuing the deterioration of democracy in evidence now for several years.

Democracy Index 2018: Me too? Political participation ...

International organizations and academic experts define democracy as regular, multiparty electoral competition. But democracy should not only be about elites competing at the ballot box. For it to have meaning, it's something we must engage in every day. When I say "protest democracy," I'm challenging how we think about democratic action.
