An Immigrant is an individual who leaves one's country to settle in another, whereas refugees are defined as persons, who move out of one's country due to restriction or danger to their lives. Immigration is considered a natural phenomenon in population ecology, whereas the refugee movement occurs only under some kind of coercion or pressure.

Immigrant vs Refugee - Difference and Comparison | Diffen

Education for refugees, migrants and internally displaced persons is the process of teaching and giving the knowledge and skills for refugees, migrants and internally displaced persons to fully participate in society. Access to education is a fundamental human right, as stated by the Universal Declaration of Human Rights. Education is the primary way by which displaced and marginalized migrants can lift themselves out of poverty and participate in their societies. Providing the opportunity to le
