New perceptions of the past | BookPage Three newly released books remind us that history is more than just a series of big moments. It resides in the small details and in unexpected places. Bill Bryson's best-selling At Home: A Short History of Private Life is now available in an illustrated edition. In it, the veteran author embarks upon

New perceptions of the past | BookPage

The presentist holds that past states, events and objects are no longer real. But if all that we perceive in the external world is past, then it seems that the objects of our perception (or at least the states of those objects that we perceive) are unreal. It is hard to reconcile this with the direct theory of perception.

The Experience and Perception of Time (Stanford ...

The idea that experiencing the past brings us closer to understanding it is related to the influence of cinematic and televised images, which create

the notion that we know the past because we see it. In our society, it appears, images convey a greater truth than words; seeing is believing.

Mohenjo Daro is unique because it is the first cinematic release featuring this ancient city. In Hollywood and western cinema, there are many dramatisations on ancient Egypt which was contemporary to the Indus Valley Civilisation. In the Indian film industry however, movies do not go earlier than the time of the Buddha or mythological eras.
