The Cold War and the Welfare State - The American Interest

The arguments for privatisation which Richard Minns describes, analyses and destroys are arguments for the progressive dismantling of the Welfare State and its replacement by market forces. He calls it a Cold War in welfare and so it is—being skillfully promoted by bankers and city merchants, supported in the media and now accepted by most political leaders—in the name of modernisation.

Thus, if the United States during the Cold War was simultaneously a warfare state and a welfare state, it is clear that the welfare part expanded much more robustly than the warfare part after the initial military surge of the early 1950s. 20

The Cold War Economy: Independent Institute

Several scholars have hypothesized that the unprecedented expansion of the welfare state during the immediate post-war decades was to some degree related to fierce regime competition in the bipolar world that emerged in the aftermath of the Second World War. This paper uses the case study method to provide a more nuanced analysis of the causal mechanisms linking the Cold War and the welfare state.
