Development of the Violent Mind Audiobooks - Listen to the ...
When Dr. AI Carlisle was brought in as part of a team performing a 90-day psychological assessment, Ted Bundy had been convicted of the aggravated kidnapping of a young woman and nothing more. The question he and his colleagues were attempting to answer was whether Bundy's character revealed a predilection for violence or whether the crime for which he had been convicted was an aberration.

Now, Dr. Carlisle shares the step-by-step psychological assessment process regarding how he determined that Bundy was indeed a violent person and would likely continue to kill if he was set free.

Violent Mind: The 1976 Psychological Assessment of Ted ...
The Tenant (1976) [psychological horror] Basic plot: A man renting a new apartment (Roman Polanski) becomes fearful over those who have ill intentions for him. The horror films of Roman Polanski are utterly unique and unlike those of any other director.

The Tenant (1976) [psychological horror] : HorrorReviewed
The history of video game development shares approximate contemporaneity with media violence research in general. In the early 1960, studies were conducted on the effects of violence in cartoons, and throughout the 1970s and 1980s a number of studies were conducted on how televised violence influenced viewers (especially younger viewers). The focus of many of these studies was on the effects ...
